## Notice of Availability/Notice of Intent Initial Study to Adopt a Mitigated Negative Declaration for Nevada County Dog Bar Road Bridge Replacement

### WHAT IS BEING PLANNED?

The existing Dog Bar Road Bridge over Bear River is a one-lane bridge that is insufficient for two-way traffic. Therefore, the existing bridge would be removed and a two-lane, cast-in-place prestressed concrete box girder bridge with a new, broadened curve radius would be built directly upstream. The new bridge would be approximately 235 feet long.

### WHY THIS PUBLIC NOTICE?

Nevada County has studied the effects this project may have on the environment. The studies show it will not significantly affect the quality of the environment. The report that explains the findings of the studies is the Initial Study with proposed Mitigated Negative Declaration (IS/MND) for this project. This notice is to advise you that the preparation of this report has been completed and is available for public and agency review.

### WHAT'S AVAILABLE?

An Initial Study with proposed Mitigated Negative Declaration has been prepared for the proposed project and is available for public review beginning March 26 through April 26, 2021. During the public review period, a copy of the draft Mitigated Negative Declaration will be available at: Nevada County Clerk-Recorder, 950 Maidu Avenue, Suite 210, Nevada City, CA 95959.
